

How MVS Online Software Helps

Every Individual will be given Username and Password with proper Security to access “MVS ONLINE EXAM” software at our website www.mvsacademy.in. It works on any laptop or desktop. The Module, subject wise and mock tests help a lot to give adequate practice on the system. As it contains a virtual calculator, students won't be able to commit mistakes in the main GATE EXAM, as they are already well versed in it. In the GATE exam a physical calculator is not being allowed from GATE 2016. So students must practice with the online calculator. After the test, students will be marked and also given detailed solutions so they could correct themselves wherever they went wrong.

Additional Benefits for Students:

Students will be provided free doubts clarification through email or phonecalls to our office as per availability of Faculty. Important tips and guidance will be provided by our expert faculty from IITs.

Expenses :

MVS GATE-19 Preparation Material with online exam software
Cost: **Rs. 5,000/-**

Tirupati Branch :

MVS Academy Introduction

MVS Academy is named after one of the most distinguished personalities of Indian Civil Engineering, Bharat Ratna Sir Mokshagundam Visvesvaraya, also known as the father of Civil Engineering in India. MVS Academy brings exclusive top notch training in Civil Engineering to the reach of students desirous of appearing for GATE, and jobs requiring a good GATE score. With our outstanding faculty from IITs and highly renowned engineering institutions we have developed a unique methodology in our teaching through which understanding concepts without memorizing formulae becomes easy for students.

Since questions from GATE are based on concepts, our strategic teaching inputs prepare students thoroughly for any challenge at the high profile test. Through effective simulation of the main exam, each student gets personalised preparation and intensive coaching providing him/her a very effective means to perform highly at the test.

MVS Academy, opening the portals of a great career in Civil Engineering!

About MVS Academy Material

MVS Academy GATE Preparation material comprises of 10 books. The total syllabus is divided into 100 modules and questions, with module wise theory. The total number of questions around 6,000 from all subjects.

BOOK-1 :General English and Aptitude Consists with 250 Solved Questions.

BOOK-2 :Mathematics Consists with 750 Solved Questions

BOOK-3 : Structural Engineering-I related Subjects with 1100 Solved questions.

BOOK-4 : Structural Engineering-II related Subjects with 500 Solved questions.

BOOK-5 : Structural Engineering-III related Subjects with 400 Solved questions.

BOOK-6 : Geotechnical Engineering Subjects with 750 Solved questions.

BOOK-7 : Water Resources Engineering Subjects with 1000 Solved questions.

BOOK-8 : Environmental Engineering Consists with 500 Solved questions.

BOOK-9 : Transportation Engineering Consists with 500 Solved questions.

BOOK-10 : Geomatics related Subjects with 250 Solved Questions.

About MVS Academy Online Exam Software

The online exam software named “MVS Online Exam” consists of GATE -19 MOCK TESTS, MODULE WISE and SUBJECT WISE TESTS. The software has been designed scientifically, with due care that the question chosen is based on statistical analysis of previous GATE and ESE papers. The question paper is set by the software automatically replicating the exact GATE pattern. Timer as well as virtual calculator have been embedded in the software. The questions which are selected from the vast data base inside the software.

500 Module Wise Tests || 50 Subject Wise Tests || 20 GATE-19 Mock Tests

How MVS Material Helps The Students

As this material consists of around 6,000 solved questions, students can practice these questions without wasting time, trying to solve complicated questions. Every day a student can solve over 200 questions by spending a few hours of preparation time. By following a strict preparation routine, one can complete the entire material just within 30 days, After that he can revise the same 2 to 3 times in due course of time. Students can achieve sufficient speed to score maximum marks by practicing this extensive range of questions.
